#### CHICAGO.

CHICAGO, July 8.-With almost a much eagerness as rain has been awaited in the northwest wheat traders today watched for the government crop report. Barring profit taking by bulls the general tendency was evident to keep the market as near in equilibrium as possible till the all-important tidings came from Washington. The principal ques-tion was whether the federal figures would confirm the crop disaster alleged to have taken place in the Dakotas and Minnesota, especially in North Dakota. One authority today put the loss since June at 75,000,000 bushels. The market opened 1/8 higher to 1/2 lower.
